

18th International Symposium on Aviation Psychology

May 4-7, 2015

Dayton, Ohio, USA

<http://isap.wright.edu>

The International Symposium on Aviation Psychology is offered for the purposes of :

- presenting the latest research on human performance problems and opportunities within aviation systems;
- envisioning design solutions that best utilize human capabilities for creating safe and efficient aviation systems;
- and bringing together scientists, research sponsors, and operators in an effort to bridge the gap between research and application.

Although the symposium is aerospace oriented, we welcome anyone with basic or applied interests in any domain to the extent that generalizations from or to the aviation domain are relevant.

Featured Speakers

Dr. Neville Stanton
University of Southampton

Dr. William R. Ercoline
Wyle

Dr. Art Kramer
Beckman Institute for
Advanced Science & Technology
University of Illinois

Proposal Submission: October 5, 2014

Paper Submission: March 1, 2015

Early Registration ends March 20, 2015
