

19th International Symposium on Aviation Psychology

May 8-11, 2017

Dayton, Ohio, USA

<http://isap.wright.edu>

The **International Symposium on Aviation Psychology** is offered for the purposes of:

- Presenting the latest research on human performance problems and opportunities within aviation systems;
- Envisioning design solutions that best utilize human capabilities for creating safe and efficient aviation systems;
- Bringing together scientists, research sponsors, and operators in an effort to bridge the gap between research and application.

Although the symposium is aerospace oriented we welcome anyone with basic or applied interests in any domain to the extent that generalizations from or to the aviation domain are relevant.

Featured Speakers

Dr. David Woods
The Ohio State University

Dr. Kenneth Ford
Florida Institute for Human
and Machine Cognition

Dr. Robert Cheung
Defense Research &
Development, Canada

Proposal Submission: November 4, 2016

Paper Submission: March 1, 2017

Early Registration ends March 27, 2017
